Stop the UK Government funding China's genocidal regime

The Chinese Communist state is imposing forced abortion, sterilisation and infanticide on its own population, notably the Uyghur minority. As the cost of living rises, the UK Government is giving away millions in aid to China's brutal regime. We call on the Prime Minister to end the government's unacceptable funding of China's totalitarian state, with its coercive abortion policies. Please take the leaflet and sign the online petition.
